2014 ELECTION VOLUNTEER SIGN-UP FORM

Our voice will be more important than ever this election. There is no “high-profile” race for governor or President so turnout is expected to be low. Our job is to talk to SEIU members and working families and let them know about the key choices in this election. Our votes and our volunteering could be the margin of victory for our union and our community!

Help to elect candidates who will join with Local 221 members to ensure good jobs and quality services.
